### Public Water System Supervision Program Approval for the State of Ohio

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of tentative approval.

**SUMMARY:** Notice is hereby given that the Environmental Protection Agency (EPA) has tentatively approved revisions to the State of Ohio's public water system supervision program. Ohio EPA has revised two of its rules to comply with the National Primary Drinking Water Regulations, including the Long-Term 1 Enhanced Surface Water Treatment Rule (LT1ESWTR) and the Lead and Copper Rule Short-Term Revisions and Clarifications. EPA has determined that these revisions are consistent with and no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these revisions to the State of Ohio's public water system supervision program, thereby giving Ohio EPA primary enforcement responsibility for these regulations. Ohio EPA has been implementing the LT1ESWTR since August 3, 2004, and Ohio EPA has been administering the revised lead and copper requirements since July 24, 2009.

Any interested party may request a public hearing.
